

# GREEN TREE SOFTTECH SOLUTIONS PVT. LTD.

## MEMORANDUM OF UNDERSTANDING

Between

Tadipatri Engineering College, Tadipatri

and

Green Tree Softtech Solutions Pvt. Ltd., Chennai

Tadipatri Engineering College (TECH), Tadipatri, India, and Green Tree Softtech Solutions Pvt. Ltd., Chennai, recognizing the benefits to their respective institutions from the establishment of an academic and industry linkage, hereby conclude this Memorandum of Understanding (hereinafter referred to as "MoU").

### 1. Purpose of the Memorandum of Understanding

The purpose of this MoU is to develop academic and professional cooperation and to promote mutual understanding between the two institutions. Specifically, this partnership aims to bridge the gap between theoretical computer science/engineering education and the practical requirements of the IT industry through structured internships and industry-aligned project work.

### 2. Content of the Memorandum of Understanding

Both parties agree to undertake the following collaborative activities, with a primary focus on student skill enhancement and career development:

#### 2.1. Industrial Internships:

Green Tree Softtech Solutions shall provide internship opportunities (virtual or physical) to eligible students of TECH, exposing them to real-time software development life cycles (SDLC).

#### 2.2. Capstone Project Works:

Green Tree Softtech Solutions will assist final-year students in their thesis and project research by providing industry-relevant problem statements and technical mentorship.

## 2.3. Collaborative Research:

Conducting collaborative research projects in software engineering and emerging technologies.

## 2.4. Industry Lectures:

Green Tree Softtech experts will conduct guest lectures and “Tech Talks” to introduce students to professional coding standards and project management tools.

## 2.5. Scientific Meetings:

Organizing symposiums, hackathons, and conferences on software innovations.

## 2.6. Resource Exchange:

Exchange of academic information, case studies, and training materials.

## 2.7. Professional Placement Support:

Promoting cooperation in the field of student placements based on performance during internships.

## 2.8. Emerging Technology Training:

Promoting other academic cooperation, such as specialized certification programs in software development.

## 3. Financial Rules

3.1. The implementation of any of the types of cooperation stated in Section 2 shall depend upon the availability of resources and financial support at the respective institutions.

3.2. Financial details regarding internships (stipends, if any) or bilateral visits shall be mutually discussed and resolved by both parties by separate written agreements between the two parties.

## 4. Period of MoU

This MoU is valid for a period of three (3) years from the date of signing by the representatives of both institutions. This MoU shall be renewed after being reviewed and renegotiated by both institutions.

## 5. Remarks

5.1. This MoU may be amended or modified by a written agreement signed by the representatives of both institutions.
